

2022

**Dear LORD Above, you know us well,
We often meet with tales to tell,
But sad to say on this occasion
We begin to feel some sharp abrasion.
When we count the members in this bunch,
It might be time we face the crunch.
Guide us with your loving hand
And help us make a famous stand.
Help us decide a future state
In which to celebrate our 208!
Amen**
